RESOURCES FOR PARENTS AND CAREGIVERS

BRAINFUUSE HELP NOW - GRADES 2-12

Live tutoring: access a virtual classroom and receive help from a certified tutor. Sessions are recorded so you can access them anytime!

Flashbulb: Access flashcards designed for grades 2-12 in science, math, geography, history, and more!

MEET: allows students to create study groups virtually and learn together.

Writing and Language labs: access live help for every step of your writing process or get help with foreign languages.

FACT MONSTER - ELEMENTARY SCHOOL

Access interactive learning tools, such as quizzes and games.

Homework center provides help with every subject, even studying!

SCHOLASTIC LEARN AT HOME - GRADES PREK-9

Projects available by grade level in a variety of subjects.

Resources for families include free worksheets featuring skill learning, lesson plans (by grade, level, subject, theme), activities, answer keys to math problems, and a new series featuring Dav Pilkey in which the author reads his famous comics and shows how to draw his characters.
