

# Aurora Public Library

Where Aurora Comes Together To Discover, Create, Connect, and Succeed

## School Success

Students succeed from early literacy through high school, and parents have the resources to help them.

### Goals:

- Parents will learn school readiness skills to prepare their children for kindergarten.
- Students in local districts will have access to homework help through library resources.
- Educators in local districts will use library resources to enrich the teaching and learning experience.

## Express Creativity

Residents, schools and businesses have the services and support to create, share, and enjoy content in a variety of media.

### Goals:

- The library supports Aurora initiatives for the performing arts.
- The library supports local schools and businesses with technology and multimedia resources.
- The library offers programs and events that spark creativity and respond to customer interest.

## Welcome to America

The library amplifies and strengthens community efforts to aid immigrant and refugee families.

### Goals:

- Customers will obtain the skills necessary to successfully pass the U.S. citizenship exam and have increased access and resources to improve their English.
- The library will offer training, programs, and information on social services in multiple languages, and other topics families need to participate successfully in American life.
- The library offers cultural and educational programs to honor and acknowledge new residents' culture and to be shared with the community.

## Feed Your Imagination

Residents have access to collections of interest to them, when and where they want them.

### Goals:

- Customers will have timely access to a popular collection that meets, anticipates, and drives their needs.
- The library will build a reading culture in Aurora.
- Library staff are resident's first and best resource to reconnect with reading.
